

## Horizontal rotary four side seal machine **RCN 160/270/320**

# FLEXIBLE PACKAGING MACHINE FOR MEDICAL DEVICES

### Packaging material:

All thermo sealable and Tyvek ® or cold sealable composite.

### Linear speed:

Up to 25m/min

### Pouch width:

RCN 160: 30 to 160 mm

RCN 270: 30 to 270 mm

RCN 320: 30 to 320 mm

(or up to 2x160 mm if double lane)

### Pouch length:

50 to any length

### Thickness:

Up to 25 mm

### Cycle rate:

Up to 150 cycles/min

### Reels outside diameter:

Up to 400 mm (standard)

### Length format changeover:

By loading pre-recorded programs.

### Standard features:

Four servomotors, double length sealing station, eye-mark registration, different shapes of cross sealing, skip-seal device, pneumatic pressure control of sealing.

### Options:
